

OR-TEC ROTARY BAR SCREEN

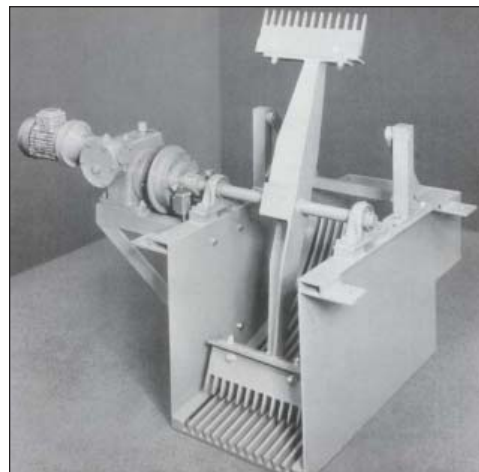

OR-TEC Rotating Bar Screens are perfect for fine and coarse screening influent of municipal and industrial wastewater treatment plants and for almost any application where inexpensive, efficient screening is required. Units are manufactured from stainless steel

A simple self-cleaning screen for municipal wastewater treatment plants, industrial effluents, sewage works, recirculation waters, feedwaters, grease trap wastes etc.

ODS Rotary Bar Screen

Slowly rotating bar rakes remove screened particles and a dampened scraper system discharges them from the screen ready for disposal
